RUSSIA

90th Anniversary of the Sverdlovsk Radio Club

In the month of February 1927 the Regional Council SDT created the Sverdlovsk Radio Club. By this time in the Urals there were already 13 clubs with a total of 750 members.

In connection with the 90th anniversary of the Sverdlovsk radio club a diploma called the "90 Years Sverdlovsk radio club was developed. To obtain the diploma you need to earn at least 90 points for radio contacts (also SWL monitoring) with hams located in the Ekaterinburg and Sverdlovsk region.

REQUIREMENTS: For applicants from Europe and Asia, QSO made with RO9CRK = 15 points for contacts with amateur radio operators of Ekaterinburg (RDA SV01 - SV07) and 10 points for contacts with amateur radio operators of the Sverdlovsk Region = 5 points. For all other continents, VHF radio and QSOs made via satellite the points are multiplied by 3.

The same station may be contacted on different bands and different modes: CW, SSB, DIGI (once regardless of the type of modulation and speed).

The Diploma may be down loaded from the site <http://r9c.hamlog.ru/> . They have loaded logs of hams from Ekaterinburg and Sverdlovsk region, with an indication of the RDA, to determine the point values.

Activators (hams Ekaterinburg and Sverdlovsk) for the diploma must make at least 90 points from applicant confirmed logs.

SWLs OK, but must send their applications by e-mail to: ra9dz@mail.ru

E-mail: ra9dz@mail.ru
